

Want to shrink school waste? Join us.

# ECO-SCHOOL WASTE FELLOWSHIP

Teach children how to live gently on the earth  
by leading an elementary school waste reduction project

**Who can apply?** Parents, guardians, teachers, and school staff members at elementary schools in Portland, Beaverton, North Clackamas, and West Linn.

**What do fellows do?** Fellows each implement a one-year project to shrink cafeteria or other waste in an elementary school and gather data to help tell the story. Fellows will meet at a fellowship launch workshop on **February 25 from 6:30–8:30 p.m.** to hear tips for success and learn how to evaluate your project's impacts.

**What types of projects?** Projects that reduce food waste, disposable cafeteria products, milk cartons, school supply waste and event waste are eligible. Fellows may also organize school swaps for clothes, books, gear, or costumes.

**What support is offered?** Experienced school waste mentors will help you plan, implement and evaluate your project. Some funds will be available for school waste reduction supplies.

**Apply** by February 11, 2019. Call us at 503-960-5252 or email a paragraph about your project idea to [rachel@ecoschoolnetwork.org](mailto:rachel@ecoschoolnetwork.org). Please let us know if your school is a Title 1 school.
